

Peace Stupa 20th years anniversary Buddha Dharma Chakra Day Celebration

~ with a buddhist ceremony ~

**25th of May 2013,
Saturday 11 am at Peace Stupa, Zalaszano**
**Special guest:
Venerable Bop Jon Sunim,
founder of the Peace Stupa**

When sprinkling the statue of prince Siddhartha with a spoonful of sacred water we pray truthfully for being able to rid ourselves of impurity caused by our attachment, hatred and ignorance. By using this method, our body, speech and mind can become pure. Furthermore we have to make efforts to live in a more peaceful, harmonic and non-violent society. With the merit of showering the Buddha statue we are able to clean and purify not only ourselves but also the society and the country we live in.

Everybody is more than welcome!
